

I would like to comment on the proposed expansion allowing new LPFM stations to take priority over current FM stations, in particular, 90.1- AIR 1. I have been listening to this station for several years now. In fact, it is always my first choice on the radio. It is THE ONLY station I can listen to with my children in the car and not worry about what they will hear being broadcast. AIR 1 is a shining light in a world where moral standards are declining. The lyrics in the music played by this station and the talk of the deejays only promote healthy, wholesome values and encouragement to the listener. I know of no other station (playing contemporary music) which can claim this. I believe in this station so much that I support it financially on a monthly basis. Our local area does not need another station like the many others which are available already. AIR 1 is the only station which plays contemporary, Christian music in our area. To allow a takeover of this station would be a loss to the many who depend on its daily dose of uplifting music and encouragement. Please keep AIR 1 on the radio. Thank you for your time and consideration.
